Dear all:

PFA manuscript and tables related to "Retinoblastoma in younger versus older children: Clinical features and outcome"

Arpita: Thank you for reworking completely on the 8th edition of AJCC classification

Anamika, Sadiya, and George: Thank you for all the hard work with initial data collection

VAR: Thank you for the support offered with regards to treatment of these children

Please review carefully and get back to me before 9th July 8:00 am

Please put in your comments as track changes

Even if you have no corrections, please write back an email to qualify as co-author

Thank you

Regards

Swathi
